April	pages 619–810	October	pages 1797–1960
May	pages 811–1018	November	pages 1961–2114
June	pages 1019–1210	December	pages 2115–2432

A

Abscess, subperiosteal of orbit, nonsurgical management, 1454
Acanthamoeba, salicylate inhibition of attachment to contact lenses, 112
Accommodation
  mechanism in primates *(letter)*, 221, 625, 627
  photocoagulation spot-size errors stemming from refractive state of surgeon's eye, 329
Acellular dermal allografts *(letter)*, 1966
Acne rosacea, chronic eyelid lymphedema and, 2220
Acquired immunodeficiency syndrome. *See* HIV/AIDS
Acromegaly, Goldmann perimetry in, 1951–1996, 991
ACRYSOF intraocular lenses, adherence of *Staphylococcus epidermis* to, 1042, 2162
Acyclovir
  for herpes simplex virus keratitis in children, 278
  vs. valaciclovir for herpes zoster ophthalmicus, 1507
Age/aging
  age-related macular degeneration (*See* Macular degeneration, age-related)
  prevalence of age-related maculopathy, 1593
  refractive lensectomy for hyperopia, 1540
  two procedures for repair of involutional lower lid entropion, 959
  visual impairment and eye diseases in elderly institutionalized Australians, 2203
Age-Related Eye Disease Study
  risk factors for age-related macular degeneration, 2224
  surgical repair of full-thickness idiopathic macular holes associated with macular drusen, 2233
AIDS. *See* HIV/AIDS
Air bag ocular trauma in children, 1472
Albinism, correlation of visual acuity and ocular pigmentation with 16-bp duplication in *HPS-1* gene of Hermansky-Pudlak syndrome, 783
Alfentanil, Rand-Stein analgesia protocol for cataract surgery, 889
Alkali burns
  large-diameter lamellar keratoplasty in, 1765
  management of, 1829
Allergy
  allergic conjunctivitis
    azelastine eye drops vs. placebo in, 2152
    eye rubbing in cat-sensitive persons, 2158
  optic neuropathy after bee and wasp sting, 193
  Staphylococcus aureus colonization in external eyes of patients with atopic dermatitis, 2167
  vernal keratoconjunctivitis
    case series and long-term followup, 1157
    low-dose, topical mitomycin-C for, 263
    mitomycin-C and *(letter)*, 2125
    topical lodoxamide vs. cromolyn sodium for, 1333
Altitude effects
  high-altitude illness *(letter)*, 1212
  refractive changes at high altitude after LASIK *(letter)*, 2118
Amblyopia screening
  photoscreening
    Editorial, 1619
    improved grading criteria for hyperopia, 1630
    letter, 1216
    sensitivity/specificity of MTI PhotoScreener, 1623
    using volunteer lay network and MTI PhotoScreener, 1637
  in preverbal children *(letter)*, 1
AMD. *See* Macular degeneration, age-related
American Academy of Ophthalmology
  financial statements, 2318
  National Eyecare Outcomes Network cataract surgery database, 691
  Ophthalmic Procedure Preliminary Assessment: macular translocation, 1015
  Ophthalmic Technology Assessment: photodynamic therapy with verteporfin for age-related macular degeneration, 2314
Ametropia, thickness of peripapillary retina in healthy subjects with, 1321
Amniotic membrane transplantation
  for acute chemical or thermal burns, 980
  for ocular surface reconstruction in Stevens-Johnson syndrome, 975
  onto corneal surface, hypopyon after, 1344
  preoperative tear function and surgical outcome in Stevens-Johnson syndrome, 1518
Amphotericin, for endogenous endophthalmitis caused by *Histoplasma capsulatum var. capsulatum*, 725
Amsler grid, entoptic perimetry screening for central diabetic scotomas and macular edema, 755
Analgesia, Rand-Stein protocol for cataract surgery, 889
Anastomosis, retinal choroidal anastomoses and occult choroidal neovascularization in AMD, 742
Andhra Pradesh Eye Disease Study
  angle-closure glaucoma in Southern India, 1710
  open-angle glaucoma in Southern India, 1702
Anemia, conjunctival vasculature in assessment of, 274
Anesthesia
  local
    intracameral lidocaine in routine phacoemulsification *(letter)*, 1803
    intraocular lidocaine in phacoemulsification, 896
    National Survey of Local Anaesthesia for Ocular Surgery in United Kingdom *(letter)*, 817
    sub-Tenon's injection in posterior segment surgery, 41
  ocular explosions from periocular anesthetic injections *(letter)*, 1963
  topical
    vs. injectable anesthesia for cataract surgery, 2054
    intracameral lidocaine during phacoemulsification under, 68
    subjective visual experience during phacoemulsification and IOL implantation under, 248
Aneurysm, retinal arterial, vitrectomy for macular hemorrhage associated with, 613
Angiography. *See* Fluorescein angiography; Indocyanine green angiography

Angiotensin converting enzyme, and angiotensin II type 1 receptor polymorphisms in nonarteritic anterior ischemic optic neuropathy, 1717
Animal studies
mechanism of accommodation in primates *(letter)*, 221, 625, 627
ophthalmoscopic detectability of parafoveal annular reflex in evaluation of optic nerve (monkey), 1009
problems/pitfalls of photodynamic therapy (rabbit, monkey), 29
vitreoretinal surgery through multifocal IOLs compared with monofocal IOLs in fluid-filled and air-filled rabbit eyes, 1083
Aniridia, prenatal diagnosis of, 1153
Anisometropia
increased vertical fusional amplitudes *(letter)*, 1213
results of bilateral photorefractive keratectomy, 472
Anterior capsule opacification, histopathology and IOL styles, 463
Anterior chamber
anterior uveitis with sectoral iris atrophy in absence of keratitis, 1164
changes in angle width and depth after IOL implantation in eyes with glaucoma, 698
inflammation after sclerocorneal vs. clear corneal tunnel phacoemulsification, 241
Antibiotics
bacterial keratitis in South Florida and fluoroquinolone resistance, 1497
for *Capnocytophaga* keratitis, 1503
nonsurgical management of subperiosteal abscess of orbit, 1454
posterior segment manifestations of ocular syphilis, penicillin therapy, and HIV status, 2015
prevention of cellulitis after open lacrimal surgery, 315
prophylactic intracameral vancomycin and CME *(letter)*, 1614
Antiepileptic drugs, color vision in epilepsy patients treated with vigabatrin or carbamazepine monotherapy, 884
Antiviral therapy
highly active antiretroviral therapy-related immune recovery in AIDS patients with cytomegalovirus retinitis, 877
oral acyclovir for keratitis in children, 278
valaciclovir vs. acyclovir for herpes zoster ophthalmicus, 1507
Aphakia
bilateral IOL implantation in pediatric population, 1261
rate of refractive growth in pediatric aphakic and pseudophakic eyes, 118
Apophysomyces elegans, rhino-orbital-cerebral mucormycosis in immunocompetent patient, 555
Apoptosis, acute corneal necrosis after excimer laser keratectomy for hyperopia *(letter)*, 225
Applanation tonometry
accuracy of clinical estimates of IOP in Chinese eyes, 1816
accurate IOP measurement-the myth of modern ophthalmology? *(Editorial)*, 1805
if IOP measurement is only an estimate-then what? *(Editorial)*, 1807
Aqueous humor
anterior uveitis with sectoral iris atrophy in absence of keratitis, 1164
aqueous melanin granules, intraocular pressure and glaucomatous damage in pigment dispersion syndrome, 435
aqueous misdirection after pars plana vitrectomy *(letter)*, 1220
betaxolol-brinzolamide vs. timolol-dorzolamide for suppression of aqueous humor flow, 283
Argon green laser therapy, for capillary papillary hemangiomas, 48
Arteries
carotid artery compression of optic nerve *(letter)*, 1798
congenital Horner's syndrome resulting from agenesis of internal carotid artery, 185
fibromuscular dysplasia and cilioretinal artery occlusion in childhood, 737
hyperhomocystinemia and central retinal artery occlusion, 1588
vision loss from arterial steal in patients with maxillofacial arteriovenous malformation, 730
vitrectomy for macular hemorrhage associated with retinal arterial macroaneurysm, 613
Arteriovenous malformation
intraorbital, spontaneous hemorrhage in, 2215
maxillofacial, vision loss from arterial steal in patients with, 730
Artificial eye amplitudes, with acrylic vs. hydroxyapatite spherical enucleation implants, 1889
Artificial tears, vs. topical ketorolac for viral conjunctivitis, 1512
Asian population
accuracy of clinical estimates of IOP in Chinese eyes, 1816
acute primary angle closure in, 2092
fornix-based trabeculectomy with Wise's suture technique in Chinese patients, 2310
long-term clinical course of primary angle-closure glaucoma in, 2300
ocular hypertensive response to dexamethasone in children, 2097
Astigmatism
after superior vs. temporal scleral incision cataract surgery, 2049
effects of pterygium on corneal spherical power and, 1568
full-arc, depth-dependent astigmatic keratotomy, 95
hyperopic and astigmatic LASIK for secondary hyperopia, 1858
myopic laser photoastigmatic refractive keratectomy using Summit Apex Plus, 1572
optical coherence evaluation of corneal cap and stromal bed after LASIK for high myopia and, 81
outcome of penetrating keratoplasty for keratoconus, 1125
PRK for myopia and *(letter)*, 814
selective zonal ablations with excimer laser for irregular astigmatism induced by refractive surgery, 662
surgical treatment of advanced pellucid marginal degeneration, 1836
topographically-guided LASIK for corneal irregularities, 1138
topography-driven PRK, 1578
toric IOL for correction of, 1776
treatment of myopia and myopic astigmatism by customized LASIK, 2072
Atopic dermatitis, *Staphylococcus aureus* colonization in external eyes and, 2167
Atrophy
anterior uveitis with sectoral iris atrophy in absence of keratitis, 1164
peripapillary chorioretinal, 334
visual field defects, glaucoma development and, 1194
Autoimmune disorders
"ice pack test" for diagnosis of myasthenia gravis *(letter)*, 622
ice test vs. rest test in myasthenia gravis, 1995
local heat vs. ice for blepharoptosis in ocular myasthenia, 2209
natural history and ophthalmic involvement in childhood myasthenia gravis, 504
Automatic Corneal Shaper
hyperopic LASIK with Nidek EC-5000 excimer laser, 1132
topographically-guided LASIK for corneal irregularities, 1138
Automobile air bag ocular trauma in children, 1472
Avellino dystrophy, ocular surface changes after excimer laser phototherapeutic keratectomy, 1144
Azelastine eye drops, vs. placebo in allergic conjunctivitis, 2152

B

Bacillus endophthalmitis, epidemic, after cataract surgery, 1038
Baerveldt implant tube
pneumatically stented, modified for pars plana insertion for complicated glaucoma, 143
two-staged glaucoma implant for childhood glaucoma in Sturge-Weber syndrome, 2105
Band keratopathy, ocular surface changes after excimer laser phototherapeutic keratectomy, 1144
Barbados Eye Studies
Barbados Eye Study Group *(letter)*, 412

glaucoma and myopia *(letter)*, 1026
incidence/progression of lens opacities, 1267
Bartonella henselae
posterior segment manifestations of cat scratch disease *(letter)*, 817
serologic evidence of cat scratch disease in patients with neuroretinitis, 871
Basal cell adenocarcinoma, of lacrimal gland, 164
Batten disease, histopathology/immunocytochemistry of, 1746
Beaver Dam Eye Study, prevalence and 5-year incidence of ocular trauma, 2196
Bee sting, optic neuropathy after, 193
Behçet's syndrome, fluocinolone acetonide sustained drug delivery device to treat uveitis, 2024
Betaxolol-brinzolamide, vs. timolol-dorzolamide for suppression of aqueous humor flow, 283
BIGH3 gene
corneal dystrophy caused by R124L mutation of, 1353
lattice corneal dystrophy *(letter)*, 1613
Binocular function, after removal of monocular cataract before age 8, 1647
Biomicroscopy
corneal dystrophy caused by R124L mutation of *BIGH3* gene, 1353
keratopathy in pseudoexfoliation syndrome as cause of corneal endothelial decompensation, 1111
ultrasound
after glaucoma surgery in congenital glaucoma, 1200
increased IOP and visual field defects in high resistance wind instrument players, 127
posterior chamber IOLs with transscleral sulcus suture, 2172
of sclerectomy sites after pars plana vitrectomy for diabetic vitreous hemorrhage, 1729
Blebs, filtering
augmentation with perfluoropropane gas bubble *(letter)*, 223
leaking
autologous conjunctival resurfacing of, 1675
surgical repair of, 1681
pathology of late endophthalmitis after filtering surgery, 2111
reduction and repair after trabeculectomy, 712
β-Blockers
betaxolol-brinzolamide vs. timolol-dorzolamide for suppression of aqueous humor flow, 283
betaxolol vs. dorzolamide effect on ocular circulation in normal-tension glaucoma, 430
effects of systemic β-blocker therapy on efficacy and safety of topical brimonidine and timolol, 1171
latanoprost vs. timolol in chronic angle closure glaucoma, 1178
Blood-aqueous barrier permeability, intraocular lidocaine in phacoemulsification, 896
"Blowout" fracture, in pediatric age group, 829
Blue Mountains Eye Study, diet and cataract, 450
Bomb victims
eye injuries in terrorist bombing in Dharan, Saudi Arabia, 844
ocular injuries sustained by survivors of Oklahoma City bombing, 837
Borrelia burgdorferi, clinical spectrum of Lyme borreliosis, 581
Bowman's layer, confocal microscopy in corneal recurrent erosion syndrome or epithelial basement membrane dystrophy, 565
Brachytherapy, I-125, for melanoma of eyelid and palpebral conjunctiva, 951
Brain tumor, restoration of fusion in children with intracranial tumors and incomitant strabismus, 1880
Branch retinal vein occlusion
in cat scratch disease *(letter)*, 817
functional defects in branch retinal vein occlusion before and after laser treatment with scanning laser perimetry, 1089
Breast cancer, intraocular penetration of tamoxifen, 2006
Brimonidine, topical, effects of systemic β-blocker therapy on efficacy and safety of, 1171
Brinzolamide-betaxolol, vs. timolol-dorzolamide for suppression of aqueous humor flow, 283
Brown recluse spider bite to eyelid, 1492
Bruch's membrane, peripapillary chorioretinal atrophy, 334
Bulbar conjunctival blood column, in assessment of anemia, 274
Bupivacaine, sub-Tenon's injection for local anesthesia in posterior segment surgery, 41
Burns
amniotic membrane transplantation for acute chemical or thermal burns, 980
large-diameter lamellar keratoplasty in severe ocular alkali burns, 1765
management of alkali burns, 1829

C

Calcium
choroidal, detection by CT scan *(letter)*, 1802
postoperative deposition on hydrogel IOLs, 2179
Canaliculi. *See also* Lacrimal system

Capillary hemangiomas
juxtapapillary, 2240
papillary, therapeutic options for, 48
Capnocytophaga keratitis, 1503
Capsular bag distention syndrome, ultrasound measurement of induced myopia in, 902
Capsulotomy, phacoemulsification vs. extracapsular cataract extraction in diabetic patients, 457
Carbamazepine, color vision in epilepsy patients treated with, 884
Carbonic anhydrase inhibitors
betaxolol-brinzolamide vs. timolol-dorzolamide for suppression of aqueous humor flow, 283
betaxolol vs. dorzolamide effect on ocular circulation in normal-tension glaucoma, 430
Cardiac transplant recipient, pediatric, iris lymphoma in, 1479
Carotid artery, compression of optic nerve by *(letter)*, 1798
Cat scratch disease
posterior segment manifestations *(letter)*, 817
serologic evidence of, in patients with neuroretinitis, 871
Cat-sensitive persons, eye rubbing and allergic conjunctivitis in, 2158
Cataract
diet and, Blue Mountains Eye Study, 450
formation after silicone PCL implantation *(letter)*, 1617
incidence/progression of lens opacities in Barbados Eye Studies, 1267
potential acuity pinhole *(letter)*, 623
schizophrenia, psychotropic medication and *(letter)*, 5
South Asian Cataract Management Study, 231
Cataract surgery
astigmatism after superior vs. temporal scleral incision, 2049
binocular function after removal of monocular cataract before age 8, 1647
cataract extraction with multifocal IOL implantation: multinational clinical trial, 2040
characteristics after cataract extraction or secondary lens implantation among patients screened for Endophthalmitis Vitrectomy Study, 1274
in children with chronic uveitis, 1255
detection of microorganisms by PCR in delayed endophthalmitis after, 1047
effect of heparin-surface-modified IOLs on inflammation after phacoemulsification, 1031
epidemic *Bacillus* endophthalmitis after, 1038
implications of relative anterior microphthalmos, 1555

inflammation after sclerocorneal vs. clear corneal tunnel phacoemulsification, 241
intracameral lidocaine during phacoemulsification, 68 *letter,* 1803
intraocular lidocaine in phacoemulsification, 896
low-cost high-volume ECCE with PC IOL *(letter),* 1797
Mycobacterium chelonae endophthalmitis after, 1283
National Eyecare Outcomes Network cataract surgery database, 691
ocular explosions from periocular anesthetic injections *(letter),* 1963
phacoemulsification vs. extracapsular cataract extraction in diabetic patients, 457
pilot study on erbium laser phacoemulsification, 1053
prophylactic intracameral vancomycin and CME *(letter),* 1614
Rand-Stein analgesia protocol for, 889
retinal complications after *(letter),* 2115
subjective visual experience during phacoemulsification and IOL implantation under topical anesthesia, 248
surgical management and outcomes of dislocated IOL, 62
topical vs. injectable anesthesia for, 2054
ultrasound measurement of induced myopia associated with capsular bag distention syndrome, 902
underestimation of IOL power for cataract surgery after myopic PRK *(letter),* 222
visual outcomes after intravitreal steroids for postoperative endophthalmitis, 486

Cellulitis
periorbital and orbital, *Haemophilus influenzae* type B vaccine and, 1450
prevention after open lacrimal surgery, 315

Chemical burns
acute, amniotic membrane transplantation for, 980
large-diameter lamellar keratoplasty in severe ocular alkali burns, 1765
management of alkali burns, 1829

Chemotherapy. *See also* specific drugs
exposure of primary orbital implants in postnucleation retinoblastoma patients, 940
5-fluorouracil for intraepithelial neoplasia of conjunctiva and cornea, 2190
intraocular penetration of tamoxifen, 2006

Children. *See* Pediatric population

Chinese patients
accuracy of clinical estimates of IOP in, 1816
fornix-based trabeculectomy with Wise's suture technique in, 2310
ocular hypertensive response to dexamethasone in children, 2097

Choroid
detection of choroidal calcium by CT scan *(letter),* 1802
intraocular involvement in multifocal fibrosclerosis, 962
polypoidal choroidal vasculopathy vs. central serous chorioretinopathy, 767

Choroidal neovascularization (CNV)
disciform scarring after radiation treatment of age-related macular degeneration, 1358
foveal translocation surgery and myopic subfoveal CNV membrane *(letter),* 2117
gene therapy for, 1364
hot spots in age-related macular degeneration *(letter),* 1212
idiopathic subfoveal, identification of ingrowth site by indocyanine green angiography, 600
occult, and retinal choroidal anastomoses in AMD, 742
subfoveal, cost effectiveness of laser photocoagulation for, 1374

Choroidal tumors
circumscribed hemangioma
on indocyanine green videoangiography, 344
transpupillary thermotherapy for, 351
malignant, stereotactic radiation therapy for, 358
metastatic carcinoma, radioactive plaque therapy for, 1927

amniotic membrane transplantation for ocular surface reconstruction in Stevens-Johnson syndrome, 975
astigmatism after superior vs. temporal scleral incision cataract surgery, 2049
autosomal dominant cone-rod retinal dystrophy and *GUCY2D* mutation, 55
bilateral IOL implantation in pediatric population, 1261
binocular function after removal of monocular cataract before age 8, 1647
bleb reduction and bleb repair after trabeculectomy, 712
Capnocytophaga keratitis, 1503
cataract extraction with multifocal IOL impiantation: multinational clinical trial, 2040
cataract surgery in children with chronic uveitis, 1255
in children with coloboma, 511
clinical effects of oleoresin capsicum on cornea and conjunctiva, 2186
complications of small clear zone radial keratotomy *(letter)*, 1023
contrast sensitivity evaluation after LASIK, 1864
corneal endothelial cell decompensation after intraocular surgery with instruments sterilized by plasma gas, 1561
correlation with ocular pigmentation with 16-bp duplication in *HPS-1* gene of Hermansky-Pudlak syndrome, 783
deep sclerectomy vs. trabeculectomy in bilateral open-angle glaucoma, 1671
demarcation laser photocoagulation of macula-sparing rhegmatogenous retinal detachments, 1063
diet and cataract, Blue Mountains Eye Study, 450
disciform scarring after radiation treatment of age-related macular degeneration, 1358
effect of levodopa on visual function in NAION *(letter)*, 1431
effects on long-term contact lens wear on corneal thickness, curvature, and surface regularity, 105
endokeratoplasty as alternative to penetrating keratoplasty for diseased endothelium, 2077
epiretinal membranes surrounding idiopathic macular holes, 853
evaluation of foldable IOLs in patients with uveitis, 909
expanding clinical spectrum of Lyme borreliosis, 581
fluid lamellar keratoplasty in keratoconus, 76
full-arc, depth-dependent astigmatic keratotomy, 95
functional defects in branch retinal vein occlusion before and after laser treatment with scanning laser perimetry, 1089
hereditary Duane's retraction syndrome, 500
herpes simplex virus-1-induced acute retinal necrosis syndrome, 397
hyperopic and astigmatic LASIK for secondary hyperopia, 1858
hyperopic LASIK with Nidek EC-5000 excimer laser, 1132
increased vertical fusional amplitudes *(letter)*, 1213
indications for and outcomes of repeat penetrating keratoplasty, 1989–1995, 719
inflammation after sclerocorneal vs. clear corneal tunnel phacoemulsification, 241
intraocular foreign bodies, 608
juxtapapillary capillary hemangiomas, 2240
ketorolac vs. prednisolone vs. combination therapy for cystoid macular edema, 2034
LASIK for high myopia with VISX Star laser, 653
late traumatic dislocation of LASIK corneal flaps, 2136
levodopa for vision loss in recent-onset, nonarteritic anterior ischemic optic neuropathy, 521
long-term incidence of reopening of macular holes, 760
longitudinal study of visual function in carriers of X-linked recessive retinitis pigmentosa, 386
macular hole surgery with and without internal limiting membrane peeling, 1939
management of alkali burns, 1829
microkeratome complications of LASIK, 920
myopic angle-supported IOLs, 1549
myopic laser photoastigmatic refractive keratectomy using Summit Apex Plus, 1572
National Eyecare Outcomes Network cataract surgery database, 691
one-year results of laser vision correction for low-moderate hyperopia, 72
ophthalmologic findings in Cohen syndrome, 1737
outcomes/complications of perfluoro-*n*-octane and perfluoroperhydrophenanthrene in complex retinal detachment repair, 860
outcomes of sequential tube shunts in complicated glaucoma, 309
penetrating keratoplasty for keratoconus, 1125
perfluoro-*n*-octane vs. perfluoroperhydrophenanthrene in vitreoretinal surgery, 1078
phacoemulsification vs. extracapsular cataract extraction in diabetic patients, 457
photorefractive keratectomy vs. LASIK, 251
pilot study on erbium laser phacoemulsification, 1053
pneumatic displacement of submacular hemorrhage*(letter)*, 2118
posterior capsule opacification in phacotrabeculectomy, 1868
posterior segment intraocular foreign bodies *(Editorial)*, 821
potential acuity pinhole *(letter)*, 623
prognostic factors in ocular injuries caused by intraocular or retrobulbar foreign bodies, 823
prophylactic treatment of asymptomatic retinal breaks and lattice degeneration *(CME)*, 12
refractive changes at high altitude after LASIK *(letter)*, 2118
results of bilateral photorefractive keratectomy, 472
retinal detachment in ocular toxoplasmosis, 36
scleral rupture during retinal detachment surgery, 848
selective zonal ablations with excimer laser for irregular astigmatism induced by refractive surgery, 662
simultaneous subconjunctival and subscleral mitomycin-C in trabeculectomy, 298
South Asian Cataract Management Study, 231
stereotactic radiation therapy for malignant choroidal tumors, 358
stromal wound healing explains refractive instability and haze development after PRK, 1235
sulcus fixation of dislocated IOL using temporary externalization of haptics, 480

surgical management and outcomes of dislocated IOLs, 62
surgical management of hypotony, 318
surgical repair of full-thickness idiopathic macular holes associated with macular drusen, 2233
surgical treatment of advanced pellucid marginal degeneration, 1836
surgical treatment of macular holes with multiple recurrences, 1073
therapeutic options for capillary papillary hemangiomas, 48
topical mitomycin-C for subepithelial fibrosis after refractive corneal surgery, 89
topical treatment with nerve growth factor for neurotrophic keratitis, 1347
topographic indices that correlate with visual acuity in videokeratography, 559
topographically-guided LASIK for corneal irregularities, 1138
toric IOLs for correcting astigmatism, 1776
trabeculectomy with mitomycin-C for pediatric glaucomas, 422
transpupillary thermotherapy for circumscribed choroidal hemangiomas, 351
two-staged Baerveldt glaucoma implant for glaucoma in Sturge-Weber syndrome, 2105
ultrasound biomicroscopic analysis of posterior chamber IOLs with transscleral sulcus suture, 2172
ultrasound measurement of induced myopia associated with capsular bag distention syndrome, 902
visual impairment and eye diseases in elderly institutionalized Australians, 2203
with and without surgery in patients with persistent fetal vasculature, 1068
Visual field defects. *See also* Glaucoma
aqueous melanin granules, intraocular pressure and glaucomatous damage in pigment dispersion syndrome, 435
color vision in epilepsy patients treated with vigabatrin or carbamazepine monotherapy, 884
and increased IOP in high resistance wind instrument players, 127
longitudinal study in carriers of X-linked recessive retinitis pigmentosa, 386
parapapillary chorioretinal atrophy and glaucoma development, 1194
progression in open-angle glaucoma, 1688
screening of patients taking vigabatrin *(letter)*, 1219
Visual field testing
angle-closure glaucoma in Southern India, 1710
effect of stimulus size on static visual fields in retinitis pigmentosa, 1950
entoptic perimetry screening for central diabetic scotomas and macular edema, 755
frequency doubling technique in patients with ocular hypertension and glaucoma, 288
glaucomatous optic disc changes in contralateral eye of unilateral normal pressure glaucoma patients, 2267
Goldmann perimetry in acromegaly, 1951–1996, 991
identifying early glaucomatous changes, 2272
mapping visual field to optic disc in normal tension glaucoma eyes, 1809
nerve fiber analyzer and short-wavelength automated perimetry in glaucoma suspects, 2101
objective perimetry in glaucoma, 2283
open-angle glaucoma in Southern India, 1702
screening relatives of patients with familial chronic open-angle glaucoma, 1294
static automated vs. scanning laser entoptic perimetry in normal subjects and glaucoma patients, 1693
supervision during automated perimetry *(letter)*, 1438
Swedish interactive threshold algorithm vs. standard full threshold algorithm, 1303
tangent screen, Goldmann, and Humphrey perimetry in detection and localization of occipital lesions, 527
tendency-oriented perimetry vs. Octopus threshold perimetry, 134
Visual Impairment Project
prevalence of age-related maculopathy, 1593
visual impairment and eye diseases in elderly institutionalized Australians, 2203
Visually evoked potentials, objective perimetry in glaucoma, 2283
VISX Star laser
LASIK for high myopia with, 653
one-year results of laser vision correction for low to moderate hyperopia, 72
Vitamin deficiencies, diet and cataract, 450
Vitrectomy
erbium:YAG laser vs. mechanical vitrectomy, 1389
in eyes with unsuspected retinoblastoma, 2250
nonvitrectomizing *(letter)*, 1963
pars plana
for diabetic vitreous hemorrhage, ultrasound biomicroscopy of sclerectomy sites after, 1729
for endogenous endophthalmitis caused by *Histoplasma capsulatum var. capsulatum*, 725
with gas tamponade, topical aqueous suppressants for prevention of IOP elevation after, 588
for macular hemorrhage associated with retinal arterial macroaneurysm, 613
malignant glaucoma after *(letter)*, 1220
for ocular injuries caused by intraocular or retrobulbar foreign bodies, 823
Vitreoretinal conditions after LASIK, 258
letter, 2127
Vitreoretinal surgery
perfluoro-*n*-octane vs. perfluoroperhydrophenanthrene in, 1078
pneumatically stented Baerveldt implant modified for pars plana insertion for complicated glaucoma, 143
retinal internal limiting membrane peeling
indocyanine green-assisted, 2010
macular hole surgery with and without, 1939
sub-Tenon's injection for local anesthesia, 41
surgical management of hypotony after, 318
therapeutic options for capillary papillary hemangiomas, 48
through multifocal IOLs compared with monofocal IOLs in fluid-filled and air-filled rabbit eyes, 1083
Vitreoretinopathy, proliferative, prognostic factors in ocular injuries caused by intraocular or retrobulbar foreign bodies, 823
Vogt-Koyanagi-Harada disease, subretinal fibrosis in, 1721
Von Hippel-Lindau syndrome
juxtapapillary capillary hemangiomas, 2240
therapeutic options for capillary papillary hemangiomas, 48

W

Waldenström's macroglobulinemia, unusual immunogammopathy maculopathy, 1099
Wasp sting, optic neuropathy after, 193
Wies procedure, for repair of involutional lower lid entropion, 959
Wound healing
confocal microscopy after implantation of intrastromal corneal ring segments, 2144
stromal, refractive instability and haze development after PRK, 1235

X

X-linked cone-rod dystrophy, progressive, 1104
X-linked recessive retinitis pigmentosa, 386

Z

Zonal ablations
selective, with excimer laser for irregular astigmatism induced by refractive surgery, 662
videokeratography after excimer LASIK for myopia, 674
